

29. A system according to Claim 24, wherein the transmitting step includes the step of transmitting a unique header code with each music selection.

30. A system according to Claim 29, wherein each header code identifies the time of transmission of the music selection transmitted with the header code.

31. A system according to Claim 24, wherein the customer locations are customer households.

32. A system according to Claim 24, wherein the data transmission system also transmits digital program and pricing information.

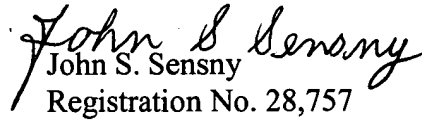

33. A system according to Claim 24, wherein the billing system includes means to update music pricing at any time.

REMARKS

This opportunity is being taken to add Claims 3-33 to the present application. Claims 3, 15 and 24 are independent claims and are being added to define the invention in alternative ways. Claims 4-14, Claims 16-23, and Claims 25-33 are dependent from Claims 3, 15 and 24, respectively, and these dependent claims are being added to describe preferred features of the invention. If the Examiner believes that a telephone conference with Applicants' Attorneys

would be advantageous to the disposition of this case, the Examiner is requested to telephone the undersigned.

Respectfully submitted,

John S. Sensny
